Intelligent Door Solutions

Thank you for choosing a Novoferm garage door

Every door is built to exacting standards with longevity in mind. To keep your door in peak condition and to comply with guarantee conditions an understanding of the correct operation of your door and the appropriate care and maintenance procedures is essential.

This Passport is your guide to obtaining the best from your Novoferm door which we are sure will give you years of trouble free service.

What is a Service Passport?

A Service Passport is provided with every Novoferm door supplied. All the information on how to look after your door can be found on our website www.novoferm.co.uk. Use the Service Record section opposite to record each time your door is serviced. In the unlikely event of a guarantee claim, this service passport, if kept up to date and used correctly, can help to show that your door has been regularly serviced and properly maintained in accordance with guarantee conditions. Without an adequate record of service by a garage door specialist or other competent service provide guarantee claims will be subject to our discretion. For helpful tips on the correct use, adjustment and maintenance of your garage door see our website.

Terms and conditions do not affect your statutory rights.

Your Garage Door Identification

Owners Name and Address	Garage Door Style / Size / Code
